### From the Desk of Pastor Harris

We want to be diligent and proactive as possible regarding the coronavirus and how it is spread in public places. Please do cover your nose and mouth with tissue if sneezing and wash your hands thoroughly with soap and warm water for at least 20 seconds (count to 20). SBC will be evaluating constantly our practices throughout the church regarding all activities and services including administrative matters and services in order to limit the possibility of exposure to the coronavirus that is sweeping the world.

Let's do our part to stay healthy because the doctors and hospitals are said to be unprepared to handle all the issues related to this unmitigated disaster.
